CAKE STYLES AND TYPES

Semi Naked

Semi naked cakes are a modern alternative to a heavier iced cake.

Buttercream

Delicious fluffy buttercream on the outside with a smooth, wavy or swirl finish.

Fondant icing

Fondant cakes have a very smooth finish. It is a refined elegant design that gives lots of different possibilities for decorations: flowers, ruffles, different colours and details. We can also make personalised edible figurines of the bride and groom and or pets.

FLAVOURS

Here are some of our favourite flavours, but you are welcome to ask for anything you wish.

CAKE CONSULTATIONS

You can choose to have a wedding cake consultation to help you in the process of designing your wedding cake and choosing your flavours. It's when we first start to get to know each other and when we can get a sense of your style preferences and personality as a couple so that the important and exciting design process can begin.

Briefly it involves the following;

1. A general chat so we can begin to get to know you a little better
2. Wedding cake tasting and flavour choices
3. Wedding day details
4. Colour schemes
5. Design elements including size, shape, structure, textural effects, floral elements etc
6. Advice on how to display and serve your wedding cake
7. Discussion about the process following your consultation & running up to your wedding day.

Our wedding consultations and tastings are £60 which is 60-90 minutes for 2 people and includes cake samples. If you decide to order the cake with us, we discount £30 off your cake.

CAKE TASTING BOXES
